Stevens-Taylor.

Early Monday morning Hartford society was thrown into a fever of excitement over the announcement that John Stevens, and Miss Margaret Taylor, of Plano, Texas, had been secretly married on Sunday night before. It was at first difficult of belief, for not even their most intimate friends, though aware of an attachment between the young folks, expected a wedding so soon, but the news gleaners kept gathering in the evidence and finally the record was consulted and the matter was no longer in doubt.

Mr. Stevens is an honest, industrious, whole-souled young gentleman. In fact, one of Hartford's best young men, while his bride is a beautiful and accomplished young lady, who had been visiting her sister, Mrs. J. P. Thomson, for several months past. She left Monday for a short stay in Texas.

We wish her an early and safe return to her waiting husband, and to the pair a long and happy life.

Public Sale.

On February 12, at my home, near Bada, I will offer for sale, to the highest bidder, my entire stock of personal property. J. K. SHAYER.

School Opening.

The spring term of the Beaver Dam school opened Monday, with very flattering prospects. Fifty pupils matriculated and there are others yet to come. At night a meeting was held in the interest of the school, and three of Hartford's talented young men were present and gave excellent talks.

Prof. J. W. Lytle gave an interesting discussion of the great problem of the day, and said that Kentucky should by the education of her masses place herself at the head of the column of progress. Prof. Wm. Foster followed in an able statement of the elements of a good character and the steps necessary to achieve success in life. Mr. B. D. Ringo was called upon, and made a talk full of happy, pointed hits.

The meeting then adjourned, and we all felt that it had been an evening full of good things.

College Happenings.

What is a town without a good school? Hartford certainly has one, and knowing that the people are much interested in the cause of education, we are glad to have the pleasure of relating the happenings of a week through the columns of our papers. Everything is still booming. New students are matriculating every day.

The pupils of the Intermediate and Primary Departments are thoroughly interested in their work as those of the higher department.

MORE AXON.

TOWN TATTTLER.

She sits alone upon the sandy shore. The while the breakers roar; And as there's no man close by, She hugs the sandy shore.

She sat there thinking more and more, While the waves dashed to and fro; But still no man comes that way, And yet she hugs the sandy shore.

A little Hartford tot, who answers to the name of John, sleeps by himself, and very early one of the bluest mornings during the cold snap, he awoke and thus addressed his paternal progenitor, who slept in the same room: "Pa, all the warm's out of this bed; I want to get in bed with you," and of course the request was granted.

A jolly, good six-footer was recently heard to remark, that he reckoned he had drunk a barrel of liquor in his time, and not a single drop of it ever flew to his head. No explanation was given nor was any needed, for it was easy to infer that the liquor had so far to "fly" to reach its lofty destination that it died of exhaustion long before it got there.

Hartford has within her borders four men whose rare ability and great labors she fails to justly appreciate, nor will she fully appreciate them until these men—one each in medicine, education, theology and law—who are now nearing the sunset of life, have finished their work and are among us no longer. Their and not till then will their true worth and merit be realized.

It is indeed amusing sometimes to see the efforts of some young men when trying to go to see a certain young lady. A few evenings since, a certain young man, who stands high in social circles, was unsuccessful in his efforts and after the third card was sent and the answer came back, "I have company," he resolved to send one more and give up trying. When the answer came back to him "I have company," he quietly strolled off to his office, and he'll never smile again.

Did you ever notice the condition of our streets, sidewalks, and crossings? If you have not, you certainly have not been in town for the last few years, or a hind. It is a fact that Hartford has the muddiest streets of any town of the same class in the State. No one can cross the street without getting very muddy and dirty, and even the pavements are about as clean as an ordinary roadside. Can nothing be done to improve this state of affairs, if not all over town, on the public square at least? Something ought to be done, and it would be well for every one to try to study up a plan.

A Pleasant Evening

One of the most enjoyable "cinque" parties of the season was the one given by Mr. O. J. Thomas and sister last Friday evening, from 7 to 11 o'clock. The evening was very pleasantly spent, playing cards, and in jolly conversation. After some good playing, the time came for awarding the prizes, which were given to the best and worst players, one lady and one gentleman. Those who secured the prizes were Miss Lizzie Moore for the best lady player; Miss Mattie Sanderfur receiving the "booby," Marvin Bean for the best gentleman player, and S. A. Anderson, the "booby."

English will conduct the sale.

The only care it requires is lighting and wiping. Dirt falls out when the chimney is taken off, not into pocket as in other central-lamp lamps. Putting in a new wick is a very easy matter indeed. All this seems strange to one who knows how troublesome other good lamps are. It is in all the good lamp-stores. Send for a primer. Pittsburgh, Pa. PITTSBURGH BRASS CO.
